**REFERENCES** (list at least three City of Madison residents who know you)

Name	Address	Telephone Number
Mr. & Mrs. Ronald Fletcher	404 Mose Chapel, Madison, AL	772-3086
Mr. & Mrs. Timothy Hatten	103 Lea Circle, Madison, AL	722-8263
Mrs. O'Dessa Dial	108 Clover Ridge Drive, Madison	837-3653

9B(1)(b)

**STATEMENT OF INTEREST** (use attachment if necessary)

List any City of Madison board or committees on which you currently serve or on which you have served in the past:

Years	Board/Committee	Positions Held
01-Present	Adjustments & Appeals	Chairperson
	Architectural Review Board	

List any specific boards or committees on which you desire to serve (if this is a general application, leave blank):

Adjustments & Appeals

Explain your reason(s) for applying for membership on a City of Madison board or committee:

I genuinely enjoy serving my community. If possible, I want to make a difference in the quality of life for others. Moreover, I want to be knowledgeable about the development of Madison. I want to be a part of progress in Madison.

List the two most important personal traits that would help you be an effective member of a board or committee:

I am open-minded, dependable, and resourceful.

List any other abilities, knowledge, or experience that qualify you to serve on a board or committee:

I have excellent communication skills. I am diplomatic, professional, and personable.

I am also an excellent organizer.

Have you ever been convicted of a felony or charged with an act involving moral turpitude? If yes, explain.

No

Do you have any relatives (current or previous) employed by the City of Madison? If yes, provide name and position.

No

I certify that the foregoing statements are true and correct and authorize the City of Madison to investigate all references listed and to secure additional information if necessary.

**STATEMENT OF INTEREST** (use attachment if necessary)

List any City of Madison board or committees on which you currently serve or on which you have served in the past:

Years	Board/Committee	Positions Held
2009	Zoning Board of Adj and Appeals	Supernumerary 1 (CAPZO Cert.)

List any specific boards or committees on which you desire to serve (if this is a general application, leave blank): Zoning Board of Adjustments and Appeals, Planning & Zoning Commission

Explain your reason(s) for applying for membership on a City of Madison board or committee:

I have a real desire to serve my community and I am interested in the development of Madison. I believe I have an understanding of the careful balance of residential housing desires/needs along with the supporting commercial/retail tax base while remaining vigilant of the school/roads/utility impacts.

List the two most important personal traits that would help you be an effective member of a board or committee:

1) I work well with others and am not quick to judge until I have heard all sides of an issue.

2) I have a high-level attention to detail when reviewing documentation and technical drawings.

List any other abilities, knowledge, or experience that qualify you to serve on a board or committee:

I have actively served the Walden Neighborhood Architectural Review Committee since January 2005 when we took over from the developer and been the committee chairman since 2006. I have also been heavily involved in developing a master plan with my church building committee.

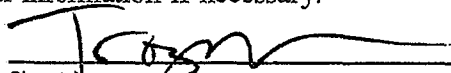

Have you ever been convicted of a felony or charged with an act involving moral turpitude? If yes, explain. No

Do you have any relatives (current or previous) employed by the City of Madison? If yes, provide name and position. No

I certify that the foregoing statements are true and correct and authorize the City of Madison to investigate all references listed and to secure additional information if necessary.

Home Phone: (256) 325-4895

Office Phone: (256) 890-2173

Cell Phone: (256) 509-3602

- 2009 – Certified Alabama Planning and Zoning Official (CAPZO)
- 2005 – Walden Homeowners Association ARC Member
- 2006-Present – Walden Homeowners Association ARC Chairman
- 2007-Present - Walden Homeowners Association Board Member/Treasurer
- 2007-2008 – CrossWinds UMC Trustee/Building Committee Co-Chair
- 2008 – Masters Way UMC Building Committee Member

Summary: Over 19 years of experience working with Windows and Unix systems with increasing technical responsibility and management. In the last 14 years, I have been supporting Army (ABCS) systems with a primary focus on Solaris/DII COE/CPOF/GCCS /C2PC/TAIS systems, C4ISR systems integration with other ABCS and non-ABCS systems while working closely with my users (in the lab and on the battlefield) to provide high customer satisfaction and system up-time.

#### General Dynamics

*Huntsville, Alabama; Heidelberg, Germany and Iraq/Kuwait*

*TBC Senior Logistics Systems Analyst (Huntsville, Alabama) – 3/09-Present*

- Responsible for the systems engineering of integration issues with the CPOF, MCS, C2PC and BCS programs between CM, training, documentation, field engineers and product developers.

*TSMO Senior Systems Engineer (Redstone Arsenal, Alabama) – 7/07-3/09*

- Responsible for the on-site system engineering and integration of an Integrated Threat Force (ITF) into the Threat Battle Command Center for Red on Blue M&S/Exercise Support.
- Maintain, administer and operate the Threat Intelligence and Electronic Warfare Testbed System for Live, Virtual and Constructive M&S as part of the ITF including capabilities such as dynamic voice commands and TRIM II radio injection jammers.

*TAIS Software Test Lead (Huntsville, Alabama) – 6/04-7/07*

- Managed a system test and integration staff for a CMMI Level 5 Software Program. Managed cost account and earned value for test and integration.
- Responsible for the development of test plans, system test procedures and acceptance tests for the verification and validation of TAIS software.
- Successfully delivered 2 major TAIS releases, 6 minor releases, 2 patches and 8 quarterly IAVA patches on Solaris 8.
- Lead for the software test effort of porting TAIS from Solaris to Windows Vista. Established test automation for the organization under Windows utilizing HP-Mercury QuickTest Pro.
- Provided on-going PBL support to deployed soldiers using TAIS for airtraffic services on the battlefield for both OIF and OEF.
- Participated in the successful sell-off of 15 TAIS shelters as the software integration expert.
- Led a FFP FMF proposal pricing effort as the Cost Book Boss and provide on-going support to other proposals as an ABCS software expert.

November 2009

(GD con't)

*V CORPS G3 OPS Senior C4ISR Integrator* (Heidelberg, Germany & Kuwait/Iraq)

- Integrated, tested, documented, and trained GCCS-J/GCCS-A COP/C2PC with various C4I systems including: IOS V1, MCS-L, ADOCS, JISR, ASAS/RWS, TAIS/FAAD/ADSI, Grenadier BRAT, FBCB2/OmniTracs/EIS/BDI/Radiant Mercury and RTM/DBST/SAS Simulations.
- Supported 9 major field exercises in Germany, Poland and Kuwait as the GCCS-J COP/C2PC Architect and Administrator on Solaris 2.5.1 and Windows NT/2000.
- Researched and conducted testing with GCCS-J COP on Tadpole Unix Laptops, ultimately influencing the Theater to purchase 13 highly deployable systems at \$26K each.
- Developed robust COP Architecture with built in redundancy over tactical communications for both exercises and ultimately OIF with integration to ARCENT, 3ID, 101<sup>st</sup> ABN and 4ID. Returned as technical expert to Iraq to support architecture transition to new forces and C2 systems for the OIF2 rotation.
- Administered GCCS-J COP/C2PC in Kuwait and Iraq for events leading up to and for OIF. Was responsible for 3 other local administrators as well as coordination with staff, operators and systems at 9 directly connected remote sites. Developed mobile C2PC solution for LTG Wallace's C2V.
- Primary author on COP issues for the widely publicized V CORPS AAR, *V CORPS: C4ISR Integration AAR* submitted by LTG Wallace.
- Conducted integration and testing on the new GCCS-J 4.x COP, ICSF, and ABA suites utilizing key lessons learned from OIF.

*HQUSAREUR ODCSOPS IMD Sr. System Admin* (Heidelberg, Germany) – 9/99-7/04

- Managed 20 GCCS-J Solaris Servers and 50+ users throughout the theater in 4 countries and 6 locations. Was primarily responsible for their daily upkeep, DISA patches, security, Y2K transition, and JOPES user support.
- Supported a team of administrators responsible for the daily management of 60+ GCCS-A Solaris Servers and 300 NT clients throughout 6 countries. Supported the migration from the Delivery 1 to Delivery 3 platform.
- Developed and documented numerous Unix Shell Scripts to automate complex tasks including hostname/ip changes on NIS+ systems and TFM Security.
- Managed the integration and testing of Red Hat Linux Advanced Server 3 on a 20 CPU NexCom Blade Server.

Apr 1995 to Sep 1999

**High Performance Technologies, Inc.**

*Reston, Virginia*

*Project Manager/Engineer.* (Sub for Lockheed Martin GCCS-A Program)

- Managed a staff of 12 HPTi employees on the GCCS-A program. Successfully grew subcontract from a staff of 8 to 12 employees in first year as PM. Received highest award fee of any subcontractor on the program: 99%.
- Managed all maintenance and software change request activities on the GCCS-A program. Responsible for a staff of 45 individuals and a cost account of over \$5M annually. Worked closely with the Army on a technical level to identify and direct software changes.
- Responsible for two major operational maintenance deliveries operating on the DII COE: one with over 6,000 users in five major theaters/headquarters (CP1) and the other with 300 users in the European Theater in seven countries (Delivery 1).
- Lead acceptance testing for mobilization software component at Forces Command, Georgia. Successful acceptance of this component (GCCS-A CP1 Mob/ODEE) and the system was critical for shut-off of the legacy WWMCCS mainframe system.
- *HPTi Employee of the Year*, 1996 for outstanding efforts on the GCCS-A development program.

Sep 1995 to Dec 1995  
Jan 1993 to Apr 1995  
May 1992 to Aug 1992  
(as an intern,  
salaried employee  
and a consultant)

Aug 1992 to Dec 1992  
Aug 1991 to May 1992  
Aug 1990 to May 1991  
Aug 1989 to May 1990

May 1991 to Aug 1991  
May 1990 to Aug 1990

Dec 1989 to Jan 1990  
May 1989 to Aug 1989

## **Universal Systems Inc.**

### ***Chantilly, Virginia***

*Lead Software/Systems Engineer/Task Manager.* (Major Clients: Lockheed-Martin Idaho National Engineering Laboratory, Defense Supply Services - Washington/Pentagon, Florida Power and Light, Florida Department of Transportation, North Atlantic Energy Services Corporation - Seabrook Station/Nuclear (NRC Compliant), Ministry of Electricity and Water - Kuwait, U.S. Navy - 03X3 Turbine Division, U.S. Marine Corps)

- Conducted Imaging Feasibility Study for a proposed \$8 million EDMS system.
- Programmed a Natural/Adabas system for a SCO Unix environment.
- Developed USI's first multilingual-bidirectional Arabic/English system for Kuwait and Saudi Arabia.
- Developed USI's DOCUMETRIX 3000 Document Imaging platform using Gupta SQLWindows and Microsoft C for Windows 3.1. Major systems usually consisted of NFS-mounted optical solutions and SQL-compliant databases operating on an HP or Sun UNIX Server. Supporting workgroup servers consist of Novell, LAN Manager, or LAN Server. This Electronic Document Management Solution (EDMS) included support for Engineering as well as business documents. Integration efforts included numerous high-end engineering and batch scanners as well as various imaging print solutions. The system also supports integrated OCR and Full-Text capabilities.

## **University of Alabama**

### ***Tuscaloosa, Alabama***

*Student Statistician/Programmer.* (Clients: Office of Housing and Residential Life, Office of Student Life, Shelton State Community College)

- Developed, conducted, and administered student surveys (including Myers-Briggs).
- Used survey results in conjunction with existing student admissions information to generate statistics and demographics about the student body utilizing SAS.

## **Perot Systems Corporation**

### ***Herndon, Virginia***

*Programmer Intern.* (Clients: Internal Revenue Service, Robert Plan Insurance Company - New York)

- Programmed in an MVS/CICS/IBM 3090/Natural/DB2 environment as well as, C and Pascal in a Novell LAN environment.
- Developed Acceptance Test Plans and an IRM compliant Functional Specification Package (Data Flow Diagrams, Data Dictionary, and Process Specifications) using the DesignAid CASE Tool.

## **Cincinnati Bell Information Systems - Federal**

### ***Vienna, Virginia***

*Systems Analyst Intern.* (Client: Internal Revenue Service)

- Developed an IRM-compliant Functional Specification Package (including Data Flow Diagrams, Data Dictionary, Process Specifications, and Structure Charts for the system) using the DesignAid CASE Tool.
- Conducted client walkthroughs of the Functional Specification Package.

## **Education**

Jun 1996 to May 1999

**George Washington University, *Washington, D.C.***  
**Master of Science in Information Systems** (School of Business and Public Management), 1999.

Aug 1988 to Dec 1992

**University of Alabama, *Tuscaloosa, Alabama***  
**Bachelor of Science in Computer Science** (College of Engineering), 1992.

## **Certifications**

Apr 2009

**DAU Life Cycle Logistics Level 1**

Apr 2004

**Sun Certified System Administrator (SCSA) in Solaris 8**

Aug 2003

**Information Assurance Computer Network Defense**

Jan 2001

**Microsoft Certified Professional (MCP) in Windows 2000**

## **Clearance**

**DoD Top Secret/SCI**

Renewed March 2008
